

Sue Wearne

***Untitled* – The Corner Store Gallery**

March 15 - 26

Sue Wearne is full-time secondary school teacher and visual artist who dabbles in drawing, painting, printmaking and collage.

Sue's interest in the natural world emerged from a young age growing up in an old river-valley at the base of the Strzelecki Ranges. Living amidst rich forests of gumtrees and thicketed babbling creeks fuelled Sue's curiosity for form, line and colour. After ten years of work and study in Melbourne, Sue decided to move back to Gippsland, a wildly beautiful and rugged landscape to inspire her new creative pursuits.

Sue's work explores voyeurism and being present in landscape through its seasonal shifts. Her work encompasses a variety of methods in art making and can be intensely intuitive at times. Her renderings of abstracted landscapes are patterned, playful and saturated in moody washes and opaques - often speaking to the transitory and ephemeral nature of the environment that surrounds her.
